

**October 2002**

**Midnite Mine Spokane Tribal Community Survey**

EPA would like to hear from you. We would like to know if you have any concerns about health risks related to Midnite Mine. If you are interested in responding, please take a moment to answer these questions. When you have completed the form, please fold the page so the EPA address is showing, tape it closed, and mail it back to us. If you would prefer to e-mail your comments, send them to: [sherbina.debra@epa.gov](mailto:sherbina.debra@epa.gov), or call Debra Sherbina at 1-800-424-4372, extension 0247.

EPA's last survey asked for input on how you want EPA to involve your community. This time, we are interested in hearing about what kinds of concerns you have about Midnite Mine. Midnite Mine is part of the permanent homeland of Spokane Tribe members. Understanding your concerns will help us focus our presentations and written materials, to make sure they are useful to you. This information is confidential and will not be used as part of the cleanup study.

**On a scale of 1-5, please rate your concern about the following:**

1) *I am concerned about radioactive materials I may be exposed to if/when visiting Midnite Mine*

not concerned		somewhat concerned		very concerned
1	2	3	4	5

2) *I am concerned about radioactive contamination if/when I bring home foods from areas near Midnite Mine*

not concerned		somewhat concerned		very concerned
1	2	3	4	5

3) *I am concerned about radioactive contamination that could be present where I live or work due to Midnite Mine materials spilled or used on the reservation*

not concerned		somewhat concerned		very concerned
1	2	3	4	5

4) *I am concerned about radiation that I, or someone I know, may have been exposed to as a worker at Midnite Mine*

not concerned		somewhat concerned		very concerned
1	2	3	4	5

5) *I am concerned that my children may be exposed to radiation if/when they visit Midnite Mine or nearby areas*

not concerned		somewhat concerned		very concerned
1	2	3	4	5

6) *I am concerned about radiation that is ongoing while cleanup studies continue*  
not concerned                      somewhat concerned                      very concerned  
1                      2                      3                      4                      5

7) *I am concerned about radiation that may remain after cleanup*  
not concerned                      somewhat concerned                      very concerned  
1                      2                      3                      4                      5

8) *I am concerned about impacts of Midnite Mine on ecological resources, such as the abundance or health of plants, fish and wildlife*  
not concerned                      somewhat concerned                      very concerned  
1                      2                      3                      4                      5

*If you have other concerns or comments related to Midnite Mine, please add them below:*

**Thank you for taking the time to fill out this survey. We appreciate it!**
